

When entering a code or product name in Fast order, you can immediately find the item you are looking for and put the required amount directly in the basket.

Fast order can be found after logging in...

The screenshot shows the 'USER PROFILE' page. On the left, under 'User menu', 'Fast order' is highlighted in the 'Order management' section. On the right, a dropdown menu 'My orders' also has 'Fast order' highlighted. An arrow points from the text 'in the top menu' to the dropdown menu. Another arrow points from the text 'in the User profile' to the 'Fast order' link in the sidebar.

... or in the bottom menu

The screenshot shows the bottom navigation bar. Under the 'ALL ABOUT SHOPPING' section, 'FAST ORDER' is highlighted. Other sections include 'RECENTLY VISITED PRODUCTS', 'INFORMATION', 'DOCUMENTS', and 'PV EDUCATION'.

Add the goods to the basket in 3 simple steps:

The first screenshot shows the 'FAST ORDER' form. Step 1: 'Enter the product code or name' is indicated by an arrow pointing to the 'Code/name of article' input field, which has a dropdown menu showing 'Victron SmartSolar MPPT 150/100-Tr'. The second screenshot shows the 'Price' and 'Quantity' fields. Step 2: 'Specify the required quantity' is indicated by an arrow pointing to the quantity input field, which shows '1'. Step 3: 'Add to cart' is indicated by an arrow pointing to the 'ADD TO BASKET' button.
